

Algorithm:

1. Start
2. Enter 6 elements
3. Append
4. Insert first score
5. Insert second score
6. Insert third score
7. Insert fourth score
8. Insert fifth score
9. Insert sixth score
10. sum = 0
11. for i in range(6):
12. if nums[i]%2 == 0:
13. sum = sum + nums[i]
14. Output of even numbers
15. Exit
